Cultivation of Paddy in the area meant for sugarcane.

READ—

Note No. D. 476—K. S. S. dated the 30th June 1932 by the Secretary to Government, Krishnarajasagara Works, submitting copy of the resolution passed by the Krishnarajasagara Working Committee at their meeting held on 9th May 1932, in connection with the cultivation of paddy in the area meant for sugarcane or other perennial crop during the year 1932-33, under the Irwin Canal.

ORDER NO. 33-41—K. S. S. 96-104, DATED BANGALORE, THE 5TH JULY 1932.

The Krishnarajasagara Working Committee have considered at their meeting held on the 9th May 1932, among other subjects, the proposals in connection with the cultivation of paddy in the area meant for sugarcane or other perennial crop during the year 1932-33 under the Irwin Canal and resolved as follows:—

"Resolved that, having regard to the lateness of the season for growing sugarcane this year, paddy may, as a special case, be permitted to be grown on the lands where sugarcane has otherwise to be grown, it being clearly understood that the permission is for the current year only and should on no account serve as a precedent, and also subject to the condition that the privilege is confined to cases where paddy is sown early enough to admit the produce being harvested before the end of January 1933, at the latest."

2. Government approve of the above resolution and direct accordingly.

S. SRINIVASA AIYAR,
Secretary to Government,
Krishnarajasagara Works.
